

Last year the BKKS Council investigated the membership status of Mr Alan Coogan, following suggestions that he may have been in contravention of Society Rules as a full member and should have been classified as a trade member.

No evidence was offered to support these allegations and Mr Coogan was able to provide documentary evidence to the council to confirm his membership status was correct.

The council regret any upset caused to Mr & Mrs Coogan for the manner in which the investigation was conducted and any unnecessary concerns it raised.
